

Sword Form #2

- 1) Standing at attention, withdraw sword from scabbard with both hands, slowly lower sword so that the tip of the sword is pointing toward D
- 2) Step toward B with your left foot into a horse riding stance facing D, chamber your left hand, raise the sword slowly above your head while looking at the blade
- 3) Pivot on your right foot 1/4 turn counterclockwise, step toward B with your left foot into a left foot forward back stance, chamber the sword on your right shoulder in a right ready position
- 4) Middle block toward B, sword tip pointed to the right, mid-section diagonal downward cut from left to right, mid-section diagonal downward cut from right to left
- 5) Pivot on left foot clockwise, step toward C with your right foot into a right foot forward back stance, chamber the sword on your left shoulder in a left ready position
- 6) Middle block toward C, sword tip pointed to the left, mid-section diagonal downward cut from right to left, mid-section diagonal downward cut from left to right
- 7) Move left foot to right foot, raise right foot into side kick chamber position, sword in left ready position facing A
- 8) Step toward A with your right foot into a left foot forward back stance, sword in a right ready position facing D
- 9) Move sword toward D into middle ready position, move right foot next to left foot, move sword back into middle ready position
- 10) Step toward E with your left foot into a left foot forward back stance, sword in right ready position, move right foot to left foot, step toward E with your left foot into left foot forward back stance, middle block
- 11) Move left foot to right foot, sword in left ready position
- 12) Step toward F with your right foot into a right foot forward back stance, move your left foot to your right foot, step toward F with your right foot into a right foot forward back stance, middle block
- 13) Pivot into a left front stance, mid section diagonal downward cut from right to left, step toward A with your right foot (about 2') and pivot into a right front stance, mid section diagonal upward cut from left to right
- 14) Step toward D with your left foot into a left foot forward back stance, sword in right ready position
- 15) Move your right foot to your left foot, step toward D with your left foot into a left foot forward back stance, middle block

Sword Form #2

- 16) Move your right foot to your left foot, step toward D with your left foot into a left foot forward back stance, middle block
- 17) Step with your left foot into a left front stance, forward thrusting strike - Kihop
- 18) Step toward D with your right foot into a horse riding stance facing B, swing sword over your head and place on your left elbow, wipe the blade 3 times
- 19) On the third movement forward, step toward A with your right foot, pivoting and spinning 360 degrees into a left front stance facing A, mid section horizontal cut from right to left
- 20) Step toward A with your right foot into a right front stance, forward thrusting strike - Kihop
- 21) Pivot on your right foot 3/4 turn counterclockwise as you slant the handle to the left, step toward B with your left foot into a left front stance, diagonal block to the right
- 23) Step toward B with your right foot into a right front stance, overhead strike
- 24) Pivot on your left foot 1/2 turn clockwise as you slant the handle to the right, step toward C with your right foot into a right front stance, diagonal block to the left
- 25) Step toward C with your left foot into a left front stance, overhead strike - Kihop
- 26) Bring the left foot to the right as you pivot on the right foot to face D at attention - hold the sword with the right hand and move it out to your right side with the tip pointing up with the arm fairly straight with the hand just under shoulder level - place the left hand against the left hip to once again act as the scabbard - swing the sword quickly, sharp edge first, down and across to the left - flip the wrist at the end of the motion so that the blade faces upward, tip of the sword pointing backward - draw the entire back of the sword along your left forefinger and thumb - once the point of the sword reaches the hand, let it drop into the left hand and return it to the 'scabbard' - this is the Blood Wipe
